

LOGGERS START ON THE SEASON'S WORK

Some Camps Are Now In Oper- ation--Woodsmen Are In Great Demand

Reports from the lumber districts of this region are to the effect that experienced woodsmen for employment in the lumber are not very plentiful. For some years past there has been a noticeable decrease in the number of old time "lumberjacks" until today scarcely any of this type of laborer remain. In Rhinelander there are a few of the old survivors who still follow woods work and owing to their vast experience their services are always in demand by the loggers.

Wag is in the woods during the coming winter will be high, so it is said, ranging from \$24 to \$35 per month and board. Extra good men will no doubt receive more according to their worth.

Already the operators in this vicinity are preparing for the coming season's work. A few camps have opened up within the last two weeks and many others will be in operation within a month.

Wm. Haviland, logging superintendent for the Bundy Lumber company, was in the city a few days ago engaging men for his concern. Camp 14 and 16 of this company are now running and two more camps will start shortly. The Bundy company will operate four camps this winter and employ about three hundred and fifty men. It is planned to cut between nine and ten million feet of mixed timber, chiefly hemlock, pine and birch.

Other concerns will operate heavily in this part of the state, including the Brown Brothers Lumber company, Robbins Lumber company, Flambeau Lumber company, Stearns Lumber company, Goodman Lumber company, and etc. There will also be a number of small jobbers and to all indications the winter of 1911-12 will be a lively one in the northern Wisconsin woods.

MANION-O'MELIA

Wedding Takes Place At Fond Du Lac Tuesday

Miss May Manion of this city and James H. O'Melia of Rhinelander were united in marriage at 9 o'clock this morning at St. Patrick's church, Rev. J. T. Cosgrove, officiating.

The couple were attended by Albert J. O'Melia, of Rhinelander, a brother of the groom, and Miss Margaret Manion, a sister of the bride. The bridal party entered the church to the strains of Lohengrin's wedding march played by Miss Margaret Fenelon.

The bride was attired in a gown of white crepe de meteor silk and wore a white picture hat. She carried a shower bouquet of lilies of the valley. Her bridesmaid was gowned in cream crepe de meteor silk and wore a picture hat. Her bouquet was of yellow roses.

Following the ceremony a wedding breakfast was served at the home of the bride's parent, Mr. and Mrs. P. H. Manion, 206 Doty street.

Mr. and Mrs. O'Melia left on a wedding trip to Chicago and points in the east, and upon their return will make their home in Rhinelander, where the groom is engaged in the wholesale lumber business. They will be at home after November 1.

The out of town guests were Mr. and Mrs. J. O'Melia and daughters, the Misses Margaret and Gabriel, Charles A. Conroy, Rhinelander and Miss S. V. Manion, Green Bay.

The bride and groom were the recipients of many handsome gifts consisting largely of cut glass and silver. —Fond du Lac Reporter.

Both young people are popularly known and have a large retinue of friends in Rhinelander. Mr. O'Melia has resided here with his parents many years and his bride at one time was a teacher in the local public schools. The New North joins in extending congratulations and wishing them a happy life.

BOAT FACTORY STARTS

Will Be Busy Throughout The Coming
Winter Season

The plant of the Oneida Boat Company in this city is now in operation and the prospects are that it will keep busy throughout the winter and well into the spring. W. E. Cleveland, who is the manager and chief owner of the factory, stated, Monday, that the company has a large number of orders on hand which will necessitate the employment of at least half a dozen workmen for many months to come.

The plant is located on the south side, one block west of the brewery. It is equipped with all machinery for the manufacture of high grade row boats, canoes and launches. Gasoline engine and motor repairing is also one of the specialties of the concern.

MINOCQUA HAS A SHOOTING AFFRAY

Albert Winger Is Held For Kill- ing His Step-Father, Rich- ard Hoover

Minocqua was the scene of another shocking tragedy early Tuesday evening when Albert Winger, aged 22 years, shot and killed his step-father, Richard Hoover, proprietor of a boat livery there and a prominent citizen of that part of the county.

Young Winger was placed under arrest at once and brought to the county jail in this city on the Northwestern limited Tuesday night.

At the coroner's inquest held in Minocqua, Wednesday afternoon the jury returned a verdict to the effect that Richard Hoover came to his death from a gun shot fired from a gun in the hands of Albert Winger.

Hoover and Winger were partners in the boat livery business in Minocqua and the trouble which terminated in the former's death originated, it is said, over a quarrel about some work. The two men with Mrs. Hoover were seated at the supper table. During the heat of the discussion Hoover, it is alleged, struck Winger and knocked him down. He then made threats that he would kill the whole family and left the room with the remark that he was going to get his gun.

Coming to his senses after being struck, young Winger secured a 22 caliber rifle and again meeting his step-father, pointed the weapon at him and the same discharged. The bullet struck Hoover in the face and penetrated down into the neck. He died instantly.

Winger declares that the shooting was accidental and that he had no intention of killing Hoover.

At the preliminary hearing this morning in municipal court the prisoner waived examination and was bound over for trial before circuit court. He was turned over to the custody of the sheriff as the municipal court has no authority to place bonds in a case of this kind.

Hoover was about fifty years of age and had long been a resident of Minocqua. He was personally known by many Rhinelander people and was highly spoken of.

AUTO KILLS DOG

F. T. Coon's dog, "Prince" is no more. He was run over by an auto at the fair grounds Tuesday and so badly hurt that he died a few minutes later. Mr. Coon was severely lacerated on the right hand while jettisoning the animal in his death struggles. "Prince" was a pet of every one and his loss is keenly felt by Mr. and Mrs. Coon.

OPENS SATURDAY NIGHT

H. Zander announces that his new Majestic theatre will open to the public next Saturday night. A high class program has been arranged and it is expected that the house will be crowded that evening.

TWO CONDUCTORS MEET SAD DEATHS

Lawrence Smith and Geo. Bix- by Are Victims Of Accidents On Soo Line

Two well known and popular Soo line freight conductors, Lawrence Smith and George Bixby, lost their lives as the result of injuries received while in the discharge of their duties this week.

Conductor Smith was run over by his train at Dresser Jct., Saturday forenoon and sustained the loss of both legs. His death followed shortly after the accident.

While particulars of the sad happening are difficult to obtain, it is reported that Mr. Smith was walking in the middle of a switch track when the locomotive backed down upon him and knocked him under the wheels. He was about thirty-two years of age and leaves a family who reside in Minneapolis.

Conductor Bixby met his fate by slipping off the side of a box car and falling under the wheels. One arm was cut off and he received a horrible gash in the abdomen. The accident occurred Monday at Cardigan Junction. Mr. Bixby lived only a few hours. He was forty-two years of age and made Minneapolis his home. A wife and family survive him.

The tragic deaths of these two railroad men have caused the deepest sorrow among their brother employees all along the Soo line. Both were generally well liked and had a large acquaintance in Rhinelander.

WISCONSIN BEST FOR THE FARMER

Rock County Man Advises Rhinelanderites To Stay Away From Canada

"Stick to Wisconsin," this is the advice which G. F. Downing of Rock county who has just returned from a trip through the Canadian northwest, gave to a New North representative, Monday.

Mr. Downing spent several weeks in Manitoba, and Sask., looking over the country with the intention of locating but after a careful investigation of conditions there concluded that Wisconsin was still good enough for him. He said that the men who have land to sell in that country resort to every scheme imaginable in order to catch victims. Many people who located there less than a year ago are dissatisfied and if they had money enough would return to the states. Hundreds of families have drifted back to this country within the last year.

"There is no better farming state in the Union than Wisconsin," declared Mr. Downing, "and Oneida county is as good as any part of it. Any man with the right spirit can make an excellent living here on a few acres of land."

NAMED AS DELEGATE

F. B. Robbins, of the Robbins Lumber company, of this city has been named as a delegate to represent the Northern Hemlock & Hardwood Manufacturers' Association at the Third National Conservation Congress to be held in Kansas City, Mo., Sept. 25 to 27.

FIRST CLASS PRODUCTION

It is to be regretted that a larger audience did not see the "Servant in the House" at the Grand Opera House Tuesday evening. It was one of the strongest productions ever presented in Rhinelander and a real treat to theater goers. The company was an exceptionally high class one and Hugo Kock, as the servant, proved himself an actor of more than common ability.

NEW SOO DEPOT PLANS

Building Will Be Up-To-Date In Every
Detail

The plans for the new passenger depot which the Soo railway company is going to erect in this city were on exhibition in the office of Paul Browne this week.

The building will be constructed of pressed brick and the interior equipment will be on an elaborate scale. The dimensions will be 115x32 feet and a wide platform entirely covered with a roof which will surround the building. There will be commodious waiting rooms, toilet, baggage and express rooms and a spacious ticket office. It will be one of the finest and most up-to-date depots on the Soo road and almost a duplicate of the new station at Bemidji, Minn.

The company officials say that work on the building will start very soon.

ORDINATION WILL BE HELD SUNDAY

Jay Russell Vaughan To Become One Of The Holy Order Of Deacons

The Right Rev. Dr. Weller, the Bishop Coadjutor of Fond du Lac, will ordain Jay Russell Vaughan to the Holy Order of Deacons, in St. Augustine's church Sunday Sept. 24, at 11:00 A. M. Mr. Vaughan, has completed two years at the Seminary at Nashotah, and after his ordination returns for his last year. On his graduation in the spring he will be ordained to the holy priesthood. The Vested Choir will sing the services for holy communion in English by Cruikshank and other music appropriate to the occasion. Bishop Weller will also preach at Evensong at 7:30 P. M. Everyone will be welcomed to both of these services. After the evening services the bishop will meet all of the men of the congregation for a talk and informal visit, in the Guild Hall. The Ven. E. M. Thompson, Archdeacon of Stevens Point, assisted Fr. Johnson in examining Mr. Vaughan as to his fitness for ordination to the Deaconate. The sacred ministry comprises three orders: Bishop, priest and deacon; and a deacon to which order Mr. Vaughan is to be ordained. Is the first and lowest of the three.

ARE MARRIED HERE

Miss Hazel Elliott of Monico and James Coffey of Tomahawk Lake, were married in the Rapids Hotel parlors last evening. Rev. Grant Clark performed the ceremony.

TWO FINE MUSKIES

Two elegant muskallonge, the combined weight of which was thirty-six pounds, were captured Sunday in Ballard Lake by Dr. H. Garner. Doc brought the fish to this city and divided them among his friends.

SCHUBERTS PLEASE

Excellent Concert Is Given At Congre-
gational Church Tuesday

The concert at the Congregational church given by the Schubert Symphony Club and Lady Quartette of Chicago Tuesday evening under the auspices of the M. E. and Congregational churches was a success. Those composing the group were very versatile, and the program rendered was full of variety. The soprano solo by Miss Corder and the contralto solo by Mrs. Purcell, together with the violin selections by Mr. Thomas Purcell merit especial mention.

The Schubert company is one of the highest class musical organizations on the road and the people of Rhinelander were very fortunate in having the opportunity of hearing such an excellent attraction.

Mr. Purcell, one of the company, has a number of friends in this city.

ANNUAL FAIR IS A GREAT SUCCESS

Exhibits Are The Best Ever Seen Here--Large Crowds On Grounds

All visitors to the sixteenth annual fair of the Oneida County Agricultural Society, which commenced Tuesday and ends this afternoon, claim it one of the largest, best and most brilliant fairs ever held in the history of the county.

That the present year has been an exceedingly prosperous one for the farmer is distinctively attested to by the great collection of products on display in the exhibit halls. It is doubtful whether a better showing could be found anywhere.

As one old resident of the county truthfully remarked, "I have never before seen such splendid vegetable fruits and grains at an Oneida county fair. Surely this section is rapidly coming to the front as a farming country."

There is also a good display of domestic articles in the woman's department which shows that the house wife too has given her aid in making the fair a success.

The sheds and pens contain some fine specimens of cattle, horses, sheep and hogs, a fact which indicates that this county is also not far behind when it comes to raising live stock. In every department the exhibits have far exceeded those of previous years and nothing but words of praise can be heard for the sixteenth annual fair.

In the amusement line there are the horse races and a number of free attractions, chief among which are the performing dogs and the hayrack races. There are no fakers, immoral shows or cheap attractions on the grounds. On Tuesday the horse racing was declared off owing to the unfit condition of the track. The races yesterday afternoon were interesting and were much enjoyed by the crowds. Some fast horses participated in the different events.

The attendance at the fair yesterday and today has been large and encouraging to the society. It is estimated that over 2000 people were on the grounds yesterday afternoon, and there is probably that number there today. Tuesday the crowd was small.

The music during the fair is furnished by the new Rhinelander band and the organization has received many compliments.

The fair has been the magnet for attracting numerous strangers from the neighboring towns and the hotels, restaurants and business houses have felt the effects of their presence in the city.

LESSONS IN COOKING

Mrs. Sarah A. Dodson At The Guild
Hall All Next Week

A course of six demonstration lessons in practical cookery and helpful talks on domestic science will be given by Mrs. Sarah Ament Dodson, under the auspices of St. Augustine's Guild of the Episcopal church at Guild Hall, beginning Monday afternoon Sept. 25 at 3 o'clock and every afternoon of that week.

Two hours will be given each day, except Thursday, which is the bread working day and is the wonder of all her classes.

Mrs. Dodson teaches how to set, raise and bake the bread in less than three hours and how to make the raised rolls in less than one hour.

This lesson alone is worth the price of the whole course. The course of six lessons is \$3.00 or single lessons each 75 cents.

SWITCHMAN KILLED

A Soo line switchman named Potter who worked in the local Soo yards last winter, was killed while switching in the yards in Shoreham last week.

"DEAR OLD RHINELANDER"

Hon. D. B. Stevens Gives Poor Report
Of The Country

Hon. D. B. Stevens, one of Rhinelander's old residents who moved to St. Maries, Idaho, a few months ago, writes E. C. Sturdevant from that city that he has so far failed to be favorably impressed with the west. "Dear old Rhinelander is a good place," writes Mr. Stevens, "as anyone who has left there knows." The writer states that wages are a little better in the west, but other conditions there are about the same as in Wisconsin. All lands sell at prices which are beyond the reach of the poor man.

From the general tone of Mr. Stevens' letter it is inferred that he would not advise Rhinelander people to move west.

COUNTY EXHIBITS AMAZES PUBLIC

Oneida Display Is One Of The Finest At The Wisconsin State Fair

The agricultural display from Oneida county at the state fair, Milwaukee, last week attracted more than ordinary attention and was pronounced by all visitors to be as good as any of the displays from the northern Wisconsin counties and in many cases was on an equal with exhibits from the southern counties.

People who have heretofore held the opinion that this part of the state was a wild unbroken region expressed amazement at the size and quality of the vegetables, grains, roots and other products which comprised the Oneida display.

Mr. Packard, who has charge of the Wisconsin department at the Illinois fair, Springfield, selected the following products from this county's display for the state exhibit:

Three samples of potatoes from the farm of D. Kirk; four heads of cabbage, W. R. Markham; five rutabagas, Brown Brothers; six rutabagas, E. S. Shepard; white turnips, Brown Brothers; two squash, Joe Lingo; carrots and wild cranberries, Geo. Burkhardt; potatoes, Fred Coon; parsnips from various farms.

The Wisconsin exhibit will be sent from Springfield to the big produce show in Chicago.

IS FATALLY HURT BY MOVING TRAIN

Stranger Falls Under Wheels At Pelican Lake Satur- day--Dies Here

In attempting to board the north bound Northwestern passenger train it was pulling out of Pelican Lake station, Saturday afternoon, a young man who gave his name as Sam Dean and his home as Olive Hill, Kentucky, fell under the wheels receiving injuries which caused his death in St. Mary's hospital here at six o'clock that evening.

Both of the unfortunate's legs were cut off and he was otherwise hurt about the body. When brought to Rhinelander, he was unconscious but before dying revived sufficiently to tell the attendants his name and address of his father, G. W. Dean, at Olive Hill, Ky.

The elder Dean was immediately notified of his son's death, but has as yet sent no definite instructions for the disposal of the body. Several telegrams and letters have been exchanged between the man and Underhill, but the father has failed to make himself clear as to whether or not he wishes the corpse shipped to Olive Hill.

EVENTS OF WEEK IN OTHER TOWNS

Items of More or Less Importance
Boiled Down From
Neighboring Exchanges

Wittenberg—

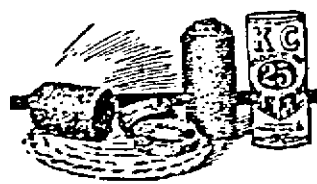

The house of shady character known as "Pike's Peak" which has for years furnished near Eland, was raided last week by Sheriff Anderson and all of the inmates were arrested. Before Justice Alf at Shawano they were fined \$10 and costs each and ordered to leave the county and never return. The resort was one of the vilest in this part of the country and the citizens are glad to be rid of it.

New Brown Bread Recipe

Never soggy—Easily made

By Mrs. Janet McKenzie Hill, Editor of
the Boston Cooking School Magazine

Nearly everybody likes Boston brown bread, but so many have experienced trouble with its being soggy, they have become discouraged. Here is a new recipe that cannot fail if the few simple directions are carefully followed. You will be delighted with the results.

One and one-half cup yellow cornmeal; 1 1/2 cup entire-wheat flour; 1 teaspoon salt; 1 1/2 cup sweet milk; 1/2 cup molasses; 1/2 cup lard; 1/2 cup K C Baking Powder.

Sift together, three times, meal, flour, salt and baking powder. Mix molasses and sweet milk and stir into dry ingredients to make a smooth batter. Turn into two empty K C Baking Powder boxes, thoroughly buttered, and let steam three hours. This bread is particularly good to serve with salads or raw oysters; also at breakfast, as toast of all kinds.

Raisins or currants may be added, though some prefer it without.

Readers of this paper may obtain The Cook's Book containing this and 89 other delicious recipes free by sending the colored certificate packed in every 25-cent can of K C Baking Powder to the J. C. & E. Co., Chicago. Send for The Cook's Book today.

Grand Rapids—

There is a chance for this city to secure an automobile factory. W. A. Crowe of Detroit, Mich., was here this week interviewing the business men on the matter of establishing a plant here for the manufacture of the Crowe 30 auto. The Crowe is a four-cylinder roadster which can be put on the market for \$650. A meeting of the Commercial Club will be held soon to consider the proposition.

Superior—

Although William Tracer pleaded guilty to violating the new state white slave law, certain circumstances brought out at the trial resulted in his being given two years in prison, the minimum sentence under the law.

Clintonville—

The H. J. Johannes Pickling Company's factory here is running full blast and a large quantity of high grade cucumbers is being received. Last week the company paid out about \$700 for cucumbers and this gives an idea of the amount of money going into the pockets of local growers. The quality of the products from the Clintonville factory is listed as the very best in the United States.

Tomahawk—

The sixth annual fruit, vegetable and grain exhibit of the Standard Mercantile company, eclipsed anything of the kind ever held here. The total number of exhibits was 117 compared with 103 at the last fair. The quality of the entries was never better. Larger crowds of visitors than ever before came to see the exhibit. Eight hundred pounds of the display was shipped to the state fair at Milwaukee.

Park Falls—

The special village census just taken by Mrs. H. Bower shows that Park Falls has a resident population of 2009, a gain of 37 over the census of 1910. This came as a great surprise to many residents of the town who were of the opinion that Park Falls was losing in population.

Prentice—

Work has been started on the construction of the new building of the Bank of Prentice. The structure will be of concrete blocks. A fine brown stone arch will surmount the large plate glass window and the interior will be elegantly furnished. The building will be one story, 22x36, and will be occupied by the bank only.

Merrill—

The industrial outlook for Merrill keeps looking better and better. One of the latest proofs of this is some correspondence which has been taking place between the Chamber of Commerce and a Wisconsin pea canner who sees in this city a splendid location for a beet canning plant. He wants to sell \$5000 worth of stock and will in this event, commence to build his factory this fall. The industry would give employment to at least 100 girls, if such a number could be obtained.

Mosinee—

The pulp mill of the Wausau Sulphite Co., in this village is now in operation and about twenty tons of sulphite pulp is being produced daily. This amount will be increased gradually as each employee becomes more familiar with his duties. At present there are only two wet machines running and about eighty-five men employed, but it is intended to soon start the other two machines which will necessarily increase the working force.

Florence—

There is strong talk of an electric railway being built from Iron Mountain to Florence with headquarters at the former city. It is stated that a survey has been made over the proposed route and that the contract has been let for a power house at Twin Falls where the hydro electric dam is under construction. Florence is in need of another railroad of some kind and it is believed that the new electric line would prove a paying proposition.

Tomahawk—

The village of Spirit Falls, a short distance west of Tomahawk, is now experiencing what may be termed the forerunner of a boom. The Spirit Falls Basket company, under the management of L. A. Mondeau, is now getting things in shape to start a basket factory.

Washburn—

At the adjourned meeting of the county board held for the purpose of investigating charges against Road Commissioner Elen Olson, of neglect of duty and failure to keep account of the work done on roads, he was discharged. The trial failed to develop any damaging evidence against Mr. Olson.

New London—

Last Friday the treasurer of Outagamie county received a letter from former Treasurer John Wunderlich

containing check for \$1040. The letter explained that this was in payment of the shortage discovered by Auditor Penner and was paid under protest. Mr. Wunderlich stated that he was ignorant of any reason for any shortage and he reserved the right to employ an accountant to go over the books and satisfy himself that the shortage existed when he finished his term. Mr. Penner reported to the county board that there was no evidence of any intent to defraud the county on the part of Mr. Wunderlich. The deficiency was entirely due to errors in bookkeeping.

"THE AVIATOR"

The Aeroplane interest in the literature of the day will do much to make the public familiar, not only with aviation terms and technical questions, but with actual progress in the science. It will tend to diminish the common fear of flying. Every mention of the machines for navigating the air in story or play, even jokingly, is a step forward in the public eye. For speaking constantly for or against some certain object makes every one curious to understand just what it is. Were it possible, we would mention several short stories, here which contain aeronautic interest, but these are too numerous. Only one play has been written, however, where aviation interest is sustained throughout. There are several short sketches now on the vaudeville stage, but "The Aviator" as it was produced last fall in New York, was the first real play to appear. The story and play will certainly tend to aeroplane advancement, although much of the comedy is derived from the possibilities of accident to the hero who finds it imperative that he must fly a monoplane when he has had absolutely no experience. That he should finally go up and make good with a seventy mile flight is of course impractical in real life, but more than allowable in a play. This excellent comedy with a real Blériot XI Monoplane will be at the Grand Opera House, Sunday evening, Sept. 24.

HIGH SCHOOL HAPPENINGS

By Our Staff Correspondent, Rev.

"Shorty" Lewis

Miss Susie Hayward of Waupaca, was in our midst Friday.

Waldman Johnson, better known as "Bum," returned to school Monday, after a week's absence.

School was closed all day Wednesday in order that the students might attend the county fair.

Foot ball practice is on in earnest this week and the team is showing good form. Some fine games have been scheduled for the near future. Vern Redfield has been elected temporary captain.

The boys have organized a Glee Club under the direction of Mr. Horn and sweet strains of "Heavenly" music can be heard when they are practicing.

Douglas Foster has purchased a brand new dictionary and since then has spent all his spare time counting the words to see if he got cheated on the bargain.

Visit our school dear parents. As before stated you will receive the glad hand.

WHY SO WEAK?

Kidney Troubles May be Sapping

Your Life Away—Rhinelanders

People Have Learned

This Fact

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills make sick kidneys well. Here is Rhinelander testimony to prove it.

Mrs. D. McInyre, 833 Mason St., Rhinelander, Wis., says: "For years I have considered Doan's Kidney Pills the best kidney medicine on the market. My kidneys were weak and inactive and I often had backache and dizzy spells. I was nervous and in the morning when I got up, felt very tired. Doan's Kidney Pills, obtained at Reardon's Drug Store, gave me relief as soon as I began taking them and I continued their use until my trouble disappeared."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and

take no other.

TAKES OVER STOUT SCHOOL

The new state board of industrial education at a meeting at Menominee Friday, formerly organized and accepted the property of the Stout Institute, amounting to \$400,000 in real estate and equipment.

H. E. Miles of Racine was elected president of the board and Prof. Louis F. Robert of Madison, secretary. L. D. Harvey, who has been at the head of the school since 1903 was elected President of the institute Friday morning.

The city council conveyed certain rights in real estate of the school reserved under a previous deed so the state acquired an absolutely clear title. Members of the board present were: H. E. Miles of Racine, Prof. L. F. Robert, Prof. F. E. Turneure, Supt. C. P. Cary of Madison, William M. Miller of Eau Claire, Murt Malone of Oshkosh and Miss Donna Dine of Milwaukee.

The Stout Institute opened Monday with an enrollment of about 425 students. Supt. Cary says no city has as yet made application for a local industrial school under the new law, but his special assistant, soon to be appointed, will engage in a campaign to promote action by industrial school boards.

FILLS FISHER'S PLACE

J. L. Taylor of Duluth has taken the position of bookkeeper at Armour & Company's branch house in this city. He takes the place just vacated by Willard Fisher, who goes to Chicago.

A GREAT ADVANTAGE TO

WORKING MEN

J. A. Maple, 125, S. 7th St., Stevensville, O., says: "For years I suffered from weak kidneys and a severe bladder trouble. I learned of Foley Kidney Pills and their wonderful cures so I began taking them and sure enough I had as good results as any I heard about. My backache left me and to one of my business expressmen, that alone is a great advantage. My kidneys acted free and normal, and that saved me a lot of misery. It is now a pleasure to work where it used to be a misery. Foley Kidney Pills have cured me and have my highest praise."

J. J. Reardon.

MONEY TO LOAN

FARMERS—Now is the time to think about getting the money for making those improvements this fall. We make a specialty of loaning money to farmers for this purpose and can supply you with any amount from \$200 up. Our reputation for absolute reliability and fair dealing is beyond question. Why not improve enough of your land so that you can be independent and not have to worry one half of the year for fear that your little clearing will not earn enough to support you during the other half? We don't care about the principal as long as you pay the interest and taxes. If you need any money write us.

HARDY & RYAN, Waukesha, Wis.

Write, call or phone our local representative B. L. HERR, Rhinelander, Wis.

"It's The Best Polish I Ever Used"

That's What Every One Says Who Tries

Black Silk Stove Polish

DON'T imagine for a moment that all brands of stove polish are the same. Don't get the idea that to keep a nice glossy shine on your stove you must black it every few days. It's not a question of oft-repeated application. It's a question of the stove polish to use.

Black Silk Stove Polish is so much better than other stove polishes that there is absolutely no comparison—it is a class all by itself. It makes a brilliant glossy shine that doesn't rub or dust off. It penetrates to the iron—becomes a part of the stove. It makes old stoves look like new and lasts four times as long as any other shine.

Get a can and give it a trial. Try it on your parlor stove, your cook stove, or your gas range. If you do not find it the best stove polish you ever used, your dealer is authorized to refund your money. Black Silk Stove Polish has been made by the same formula and sold under one name for 25 years.

Here is what some of the ladies write us:

"I saw your advertisement and was unable to secure the polish here. I sent to you for a can and found Black Silk Stove Polish so much better than any I had ever used that I asked my hardware dealer to order a supply. He did so, and it is now selling nearly everywhere in the place your wonderful polish. I had a idea there could be such a difference in stove polish."

"I tried the sample box of Black Silk Stove Polish and like it so well that I want to black all the other stoves in the house. Enclosed find 50 cents. Send polish for that amount by return mail. Our hardware merchant does not keep it."

"I was setting fire to the stove and saw that the Black Silk Stove Polish on the stove. It made the stove look so new and after looking the polish did not rub or dust off. It is way ahead of any polish I ever used."

"I received the Black Silk Stove Polish and found it all you claim and the best I ever used."

Ask Your Dealer

For Black Silk Stove Polish and refuse a counterfeited brand. Get the best for more than the ordinary kind, so why not have the best. Made in liquid or paste—one quality.

People who desire to furnish board and room to Training School students are requested to file their names with B. Mack Dresden, Principal.

WANTED—Good Housekeeping Magazine requires the services of a representative in Rhinelander to look after subscription renewals and to extend circulation by special methods which have proved unusually successful. Salary and commission. Previous experience desirable, but not essential. Whole time or spare time. Address, with references, J. F. Fairbanks, Good Housekeeping Magazine, 231 Fourth Ave., New York City.

BOB AND OTTO HOME

Robert Ollhoff and Otto Krantz arrived in this city last Thursday night from an extended sojourn in their native country, Germany. They had a very enjoyable time visiting their relatives and boyhood friends in the Fatherland and were guests at luncheon of their old chum, Bill, the Kaiser.

Bob and Otto both declare that while Germany is home country there is no place like the good old U. S. A. and they are glad to be home again. Before their departure and on their return from Europe they visited several of the principal eastern cities and spent part of last week in attendance at the state fair, Milwaukee.

SPEAKS IN TOMAHAWK

Matt Stapleton of this city addressed a mass meeting of Tomahawk citizens Sunday evening on the raising of the saloon license in Tomahawk. The ex-mayor gave a number of views on why the license should be raised, says the Merrill Herald, and brought out the fact that if the license would be raised, the number of saloons would be reduced. He said that he recently was informed that northern Wisconsin towns were of a lower moral standard than those further south. Mr. Stapleton charged this fact to the poor management of saloons.

Diarrhoea is always more or less prevalent during September. Be prepared for it. Chamberlain's Colic, Cholera and Diarrhoea Remedy is prompt and effectual. It can always be depended upon and is pleasant to take. For sale by

WHY HE OPPOSES TAFT

Senator Cummins in his article in the Record-Herald of last week puts forth most logical reasons why he is not for President Taft's nomination and yet, he says he has most friendly feelings towards the President personally. After a logical article for Senator Cummins' opposition he says:

"My general conclusion is, therefore, that in every struggle which has taken place since Mr. Taft became President, upon vital things his allies and supporters have been senators and members of the House who, however honest they may be, are known from one border of the country to the other as reactionaries or standpatters and not progressives."

PLEASE EXPLAIN, MR. FRICKE

A few weeks ago this paper called attention to the fact that although about thirty candidates, county and city, failed to file their expense account our District Attorney selected out Attorney Robert J. Morter and arrested him for not complying with the law and this without getting any written report from the County Clerk that Mr. Morter had failed to file. After the article in the New North stating these facts the District Attorney made a feeble attempt to arrest and convict others upon the same charge, but Judge Ames threw the cases out of court.

Now Mr. Morter, under the criminal cases and on the present calendar must stand trial in the circuit court for violation of the election law. We believe it would be a great satisfaction to the people of this community if our "genial" District Attorney would give a satisfactory answer for his arrest of Mr. Morter. The columns of this paper are open to anything Mr. Fricke may have to say in vindication of himself.

It appears that our District Attorney has not the true conception of the importance of his office. While some of the worst criminals, menaces of decent society, have not been prosecuted we believe an attempt has been made to magnify minor unintentional offenses which add needless expense to the county.

T FT BUCKED CONGRESS

Hampton's magazine says of the recent Congress.

The recently adjourned Congress would have established a record for legislative achievement if President Taft had been willing. His vetoes prevented the nation from getting the benefits of immediate revision downward of at least some of the tariff schedules.

In question where he had no veto power, the Congress did more than any in generation. It achieved reforms in its rules and methods of parliamentary procedure that, in many ways, are more important than any legislation, because they are direct steps

toward giving the people a little say in this government of ours.

The House reorganized its rules and restored control to the membership, deposed the speaker from his exalted and decreed that a committee on committees should name its committees. The Senate, much to the surprise of many folks, unhorsed the old Aldrich-Wheeler machine.

The Senate ordered an investigation of the election of Isaac Stephenson as Senator from Wisconsin. It is very likely to result in driving him from his seat. How did Mr. Taft stand on that? Well, Mr. Taft permitted Stephenson, already under charges of corruption, to present a famous cow to the White House menage, and the exchanges of felicitations and assurances in the connection brought to Stephenson the first faint whiffs of the grateful notoriety he had expected to acquire along with his seat in the forum.

DILLING IN MINNEAPOLIS

Mayor George W. Dilling of Seattle, the original recall mayor of America, arrived in Minneapolis Sept. 18. He is on his way to Milwaukee and Chicago and is accompanied by Fire Chief F. L. Stetson, former Minneapolis chief; Max Wardell, president of the council; and Alderman E. L. Blaine.

Mayor Dilling said he had read the report of the Minneapolis vice commission, sent him by Mayor Haynes with much interest and said the members of the commission are to be congratulated on their stand against the segregated district. "I am strong against the segregated district, and during my seven months as mayor of Seattle, segregation has been reduced to a minimum. To approve of the district is compromising with crime," said the western mayor. "If the city officials allow the district in any city, they give their consent to white slavery. If the district operates it takes a large number of girls for it to run and they must necessarily come from the homes of the city and surrounding country. It should not be tolerated in any city and a fight should be made to eliminate it."

Mr. Stetson was appointed chief in Seattle two months ago. He is accompanying the mayor on his eastern trip, as are the others, for the purpose of looking over new fire apparatus. The party will visit St. Paul today and leave for Milwaukee tonight.—Minneapolis Tribune.

BOURNE ENDORSES "BOB"

United States Senator Jonathan Bourne, Jr., of Oregon endorses the candidacy of Senator LaFollette for the Republican nomination as against President Taft.

Senator Bourne's statement is in the nature of a challenge to Big Business and meets the charge of radicalism which has been lodged against LaFollette by placing against this statement the legislation enacted in Wisconsin under the leadership of LaFollette. Senator Bourne said:

"Why have I for months been so insistent for Senator LaFollette for President? Because he has many of the qualifications which I believe are absolutely necessary for a man to possess in order to properly fill the high office of the Nation's chief public servant. He believes in popular, not delegated government, realizes that general welfare, not selfish interest, must be the motive power of all successful and permanent government. He is honest, courageous, able, dynamic, with twenty-five years experience in legislative and executive public life. Though radical in manner he is extremely conservative in thought and action, with high ideals, broad ideas and strong convictions. General welfare is his goal and selfish interest is his abomination."

"I urge the big business interests of the country to study the laws of Wisconsin enacted since he was first Governor of that state; hold him, as the dynamic personality of that electorate; responsible for all those laws. If investigation shows them to be protective of personal liberty and property rights, then support him for President. If destructive of personal liberty or property rights, bitterly oppose his candidacy. Such an investigation will show Wisconsin laws to be constructive not destructive; progressive, not reactionary; intelligently conservative, not blindly radical."

"Senator LaFollette is a statesman, not a politician; a deep thinker, not a demagogue. His candidacy presents an opportunity to nominate and elect a President on his record and not on another man's endorsement or promise to follow in another's footsteps. He can, and in my opinion, will be nominated and if nominated, will unquestionably be elected."

WHAT WILL TAFT SAY IN THE WEST?

Will the President Answer the Questions the People Are Asking?

On the eve of President Taft's departure on his six weeks "swing around the circle," it was announced that the President would confine the major part of his speeches to "less political subjects." This announcement came soon after the Hamilton speech, in which Taft attacked the Progressive Republicans, and the announcement that he would talk along the same lines throughout the Western Progressive states. It is said now that if some inconsiderate "heckler throws the gage of battle upon the platform," the President will accept it.

Questions the People are Asking: The reports that come from the West since the adjournment of Congress indicate that the people of the Progressive states want to hear directly from Taft answers to a number of questions.

The farmers want to know why he considered the reduction of duties on farm products so important as to require a special session of Congress, while the revision of the well-understood wool schedule must wait the report of his tariff board.

The people of the Western coast especially want to know why secrecy was considered necessary in the order restoring to entry the coast of Controller Bay, key to the Alaska coal fields, and why Agent Ryan was admitted to the secret.

The people of all the states that Taft will visit want some answer from the President to the trust question. They wish some direct explanation of why he urged the Wickersham bill, which would have legalized gigantic transportation trusts. They want to know if the President has any plan for the curbing of the industrial trusts.

The people of the Progressive states want some definite direct statement from the President as to whether the Norton letter or the Hamilton speech expressed the attitude of the administration toward Republicans who are not Taft Republicans.

People Will not Forget the Ostriches: The President need not wait for "some heckler to throw upon the platform the gage of battle" to know that the people want to hear from him a direct declaration of position on these questions. They will not forget great political issues in a timid discussion of "less political subjects."

TOMAHAWK WINS

In the last base ball game of the season between Tomahawk and Rhinelander teams at the fair grounds last Sunday the visitors won by a score of 4 to 5. The game was witnessed by a small crowd.

FUNERAL HELD HERE

The funeral of Mrs. Peter Johnson, whose death occurred in Oshkosh, was held Wednesday forenoon in this city and interment made in Forest Home cemetery.

Mrs. Johnson with her husband formerly resided in the Central House on Thayer street.

A new line of Misses school skirts, just received at David Jacobson's.

ROB A SALOON

Robbers entered the Tremont Hotel saloon on Thayer street at an early hour this morning and took a few dollars from the cash register, some bottled whisky and two suit cases. Four hundred dollars in cash in the safe was not touched. Entrance to the building was gained through a rear door.

COURT NEXT WEEK

The fall term of Circuit court for Oneida county convenes in this city next Monday. Judge A. H. Reid will preside.

The calendar is a large one and contains seven criminal cases, nineteen issues of fact for jury, and twenty-three issues of fact for court.

Big sale at David Jacobson's store will be continued for another week. Will positively end Saturday Sept. 20th.

Siamese Stockings. In Siam men of the high and middle classes as well as women wear long cotton stockings reaching high above the knee.

THAT OLD SPOTTED COW

By M. QUAD

Copyright, 1911, by Associated Literary Press.

The village of Medina had long been at peace. No one could recall when there had been a lawsuit or any trouble in the church. No fires had taken place, and no one had been drowned in the mill pond.

All this was not changed in the twinkling of an eye, but in about a week. The Widow Strong moved over there from Grantville, and one of the things she brought with her was an old spotted cow. She had a moral and legal right to do this. She also had a moral and legal right to let that old cow run at large in the streets. That is the custom in most all villages.

The cow was sized up, but with no critical eye. She was judged to be good tempered and law abiding. She betrayed a becoming modesty and had no quarrels. But the town was deceived in that cow. Deacon Pegram awoke one morning to find her in his garden. She had eaten every stalk of his green corn. He was a good man, the deacon, but he felt it his duty to take a club to that old cow and thump and pound her and run her out of his garden. Within two hours after he had done so he had a lawsuit on his hands. The Widow Strong proposed to stand by her cow at all hazards.

Of course the deacon had to bring a counter suit. That old spotted cow broke into another garden. There was no corn there, but she was not a particular cow. She filled up on beets, radishes and cucumbers and in the morning was found complacently chewing her cud in the onion bed.

The garden of a third citizen was spoiled, then a fourth and fifth. At sundown that cow would be lying in the dusty street with half closed eyes and a look of innocence on her face. Three hours later she would be playing the role of devastator. Most of the fences had stood for twenty years, and she found little trouble in pushing her way through them. When her eccentric conduct became known dozens of citizens sat up nights to get a whack at her. She did not always come off a winner, but with the tater bugs to add her she did fairly well. Every time she was found in a garden she was thumped; every time she was thumped meant a lawsuit; every time there was a new lawsuit the town was divided again.

Things couldn't go on that way. The selectmen of the village held a special meeting and decided to officially appeal to the Widow Strong to sell out that old cow to the butcher.

"Not if I know myself," was her reply. "I have owned that cow for thirteen years, and I don't propose to see no butcher make beef of her. It isn't the cow, but the fences. Make 'em fix up their fences, and the cow will stay on the outside."

Then the selectmen held a special meeting and resurrected an old ordinance by which a stray cow could be impounded and held for any damage it might do. A delegation waited on the widow to notify her, and she laughed in their faces.

"No such bluff goes with me," she added. "There are thirty cows at large in this town. If you take mine you take the others. Go to grass with your old ordinance."

The minister of the only church in the village had kept clear of the affair up to now, but things were getting so hot that he was dragged in. He was asked to call on the widow and talk cow to her—talk old spotted cow. He didn't fancy the job, but still he called. Of course he had a lot to say before he got around to the cow question, and he had scarcely touched upon it when the widow's chin was in the air and she replied:

"I tell you I won't have that dumb animal abused! She's stood by me, and I'm going to stand by her."

The good man went away disheartened. And yet, after all, it was he who solved the problem. He heard that Elder Comstock, widower, had been seen calling on the widow, and he sent for him and said:

"Elder, are you well enough acquainted with the Widow Strong to form an opinion regarding her?"

"Very set in her ways," was the reply.

"You are alone in the world, elder?"

"Yes."

"You managed your other wife?"

"I did."

"And if you were married to this woman I believe you could manage her."

"I dunno about that; I dunno."

"And you could sell or trade that cow and bring peace to the town. The church is threatened with disruption. Something must be done."

"You don't mean I ought to marry the widow?"

"Well, don't you think you'd be happier?"

"I—I might."

"And if you can settle this cow question isn't it your duty to sacrifice a little?"

"She's a woman that will throw things when she gets mad," said the elder after a long silence.

"But that old cow is devastating the village. Elder, you'd die for your country, wouldn't you?"

The elder took a couple of days to think it over and then called, proposed and was accepted. A month later he and the widow were married. The next day that old spotted cow mysteriously disappeared, and the dove of peace came back and still hovers over the town.

BOARD ADOPTS NEW ROAD SYSTEM

County Solons Vote Sum Of Five Thousand Dollars As Highway Fund

The County Board met Tuesday afternoon and adjourned this morning. This short session accomplished much for the future of Oneida county. The new county road system was adopted and five thousand dollars were voted as a county road fund.

Senator Donald gave an able address on road development before the board and was well received. His rational able address on road development had much to do with the action of the board in adopting the County System.

One thousand dollars were appropriated toward the services of an agricultural instructor selected by the state university to be under the Oneida County Training School.

The instructor will give a short course at the Training School and will also lecture throughout the county on agricultural work. This will be a great boost for agricultural work in the county.

It was voted to repaint the training school building.

The two lots north of the training school building were secured for the extension of the county property.

Wednesday afternoon the members of the County Board attended the county fair upon invitation of the officers of the Fair Association.

It is certain the assembling of the County Board brings great good to the entire county and never was this more so than during the present year.

CONGREGATIONAL NEWS

Mr. R. F. Tompkins and Mr. L. A. Bruman will give a duet next Sunday morning.

The Music Committee are planning for another male quartette selection next Sunday.

The Congregational people cordially join the members of the M. E. church in wishing for the return of the Rev. Mr. Clemans to Rhinelander by the East Wisconsin Conference now in session at Antigo.

Miss Edna Brown has gone to Park Falls to visit friends.

Joe Daniels has returned to resume his studies at the Harvard school, Chicago.

Mr. and Mrs. D. F. Recker left today in their auto for Chippewa Falls. They will be joined Saturday by Mr. and Mrs. F. C. Sawtell.

Matter Quickly Settled.

In an English opera company, formed for the summer months, it was found that the tenors were too light for the rest of the chorus. The manager protested that there were voices enough, and the leading tenor was questioned why he did not sing with more force. His answer to the remonstrances of the manager was: "I am paid summer wages, and I refuse to sing anything but my summer voice." The engagement of the tenor and his summer voice came to a speedy termination.

Famous Men Tall and Short.

Among the very distinguished men of the country were some of large stature—Charles Sumner, more than six feet, four inches; Jefferson and Andrew Jackson, considerably more than six feet in height. Among those of six feet and over may be mentioned Samuel Adams, George Washington, Lincoln, Bismarck, Thackeray, Charles Darwin, Henry Ward Beecher, Rufus Choate and Daniel O'Connell. The list of famous men of medium height is long, including Browning and John Adams.

Russian Wealth Unevenly Divided.

Income tax statistics for the czar's subjects show that of the empire's total population of 16,000,000 only about four hundred thousand have income running from \$15 to \$1,030 a year. On the other hand, 3,500 subjects have an aggregate of yearly incomes amounting to about \$277,000,000, very nearly as much as the 400,000 who have \$285,000,000.

Headache In Her Feet.

Helen is a little 4-year-old, with old-fashioned, grown-up ways. Like most healthy children, she wakes early in the morning, so her grandmother, who is a late riser, gives her a hand mirror and powder puff to play with for an hour before she gets up. On a recent morning she was found with the mirror at the foot of the bed, and gravely said to her grandmother: "That's my foot warmer, I've got such a headache in my feet."

What's the Use?

A physician says that early rising shortens life. On the other hand, why spend most of your long life sleeping?—Detroit Free Press.

LaFollette's

WEEKLY MAGAZINE
The Great Progressive Weekly

There are many reasons why you should read what it says 52 times each year. It is free to tell the truth. It will oppose the encroachment of special privileges upon the people's rights. It will call the roll on public men and measures and inform you how your congressmen work and vote. It will criticize the executive branch of government from the highest to the lowest, if in its judgment the people's interests are not protected. It will spread the gospel of ideal home life through the Women's Department. It will be conservative when good things are to be conserved, and radical when bad things are to be exposed.

Moved by Brown seconded by Krueger that the bill of Fred C. Somers be allowed and paid upon the O. K. of the Book Committee. Carried.

Moved by Krueger seconded by Porter that the balance of bills be allowed as recommended and the Secretary be instructed to issue orders for same. Carried.

Upon motion Board adjourned.
Gust SWEDBERG,
Secretary.

RETURNS MONEY

The case against Peter Osher, charged with the theft of \$27 from the cashier's window at the Soo depot, was dismissed in municipal court Tuesday. Osher claimed that he did not take the money, but picked it up on the floor of the waiting room to where it had blown from the cashier's window.

He returned the \$27 to Cashier Peterson who declined to prosecute. Osher was arrested at North Crandon through the efforts of Officer O'Malley and Deputy Sheriff Anderson.

LOW COLONIST FARES—TO PACIFIC COAST

September 15th to October 15th, inclusive, Colonist one way second class tickets will be sold to principal points in California, Oregon, Washington and British Columbia, via Chicago, Union Pacific and North Western Line. Tickets available on daily and personally conducted tours in Pullman Tourist Sleeping Cars. For full information apply ticket agents, Chicago and North Western Ry. 229.

WOMEN'S READY -- TO-WEAR GARMENTS OF THE HIGHER TYPE

America's foremost authorities of style have designed the Cloaks we are now showing for fall. Every garment that is exhibited here is far above the average in quality and of a decidedly distinctive mode. The tailoring is done by men—hence that mannish appearance that is so much sought for. The cloths are of those new and attractive designs and colorings that is in such demand. Especially noteworthy are the extra values we offer—you'll find our prices interestingly lower. If you wish to know what the correct styles are—where the largest values are—where the largest values can be had for the least money—come here at a glance you will learn.

Black Plush Coats from \$10.00 to \$45.00
Carocul Coats from \$5.98 to \$15.00
Polo and Scotch Mixtures from \$9.98 to \$25.00

LIBRARIAN MAKES ANNUAL REPORT

More Interest Should Be Taken
in This Very Valuable
Institution

At a meeting of the the Library Board Tuesday evening, Miss Allen submitted her report for the year. To the Board of Directors of the Rhinelander Public Library: Ladies and Gentlemen: I take pleasure in presenting to you the 14th annual report of the Rhinelander Public Library for the year ending June 30, 1911.

CIRCULATION—During the past year the library has been open for circulation every day except Sundays and holidays.

The total number of books circulated was 21,943 of which number 11,542 were from the adult department and 10,401 from the children's room.

Although this is an increase of 900 over the previous year it has fallen short of the number during some years. The decrease in circulation statistics of libraries all over the country in the last two or three years has been so marked that it has been a topic for discussion in the library journals and a national and state library conference for the purpose of finding the reasons for the decrease. One of the main attributive causes seems to be the large number of moving picture shows which have been opened up in recent years. These have been calling a great many people to them who have otherwise spent the time in reading.

Amusements have their legitimate place in the life of any community but it is hoped they will not be allowed to take the place of good literature.

The use of the library is largely a matter of habit and it is much desired that the people of Rhinelander will find how much enjoyment and profit may be theirs by coming to the library and using the daily and weekly newspapers, books and periodicals which their money is purchasing.

The library habit should be especially encouraged among the children and young people. It is a habit that will cling to them and take the place of other things which might prove detrimental to their welfare and happiness.

ACQUISITIONS—The acquisitions during the past year have numbered 143.

Twenty-seven volumes of magazines were added by binding and ninety volumes and pamphlets added by gift.

The increased running expenses of the library have made it necessary to curtail the amount which should of been spent for books. Through the generosity of the City Council, which increased the appropriation, we are now in position to add more new books and replace many soiled and worn volumes which have been kept in circulation much longer than would otherwise have been done had the finances been in a better condition. The character of much of the fiction published during the year 1910 has made it undesirable to place as much of it on the shelves as some of the patrons might wish.

The summary of books in library is as follows:

Number of books in reference department 1345

Number of books in adult department 274

Number of books in Children's department 1499 Total 3665

PERIODICALS—Forty periodicals are now received including the best that can be obtained. These are loaned to the public or may be read at the library where well lighted tables, comfortable chairs and a quiet room make it a pleasure to read.

It may not be out of place to suggest that some of the public-spirited citizens who are taking periodicals not found in the library will be doing a good work to place them on the reading tables for the use of others after they have finished reading them. Some are already doing this. Many people store away magazines thinking to use them sometime but the usual experience is never to read them again.

READING ROOM—There was a larger number of readers than during the previous year, the estimated attendance being 14,700.

REGISTRATION—The new borrowers for the year numbered 305, the number withdrawn 53, leaving the number of borrowers at the end of the year at 3037.

REFERENCE WORK—Reference work was done for both the Woman's Club which met part of the year in the club room at the library, and for the Monday Club. Traveling libraries from the Wisconsin Library Commission were shelved in the reference room for their use.

Reference work was done throughout the year for pupils in their school work, debaters, for those preparing commencement essays and orations, as well as work for the town's people.

The most important addition to the reference collection is the set of Century Dictionaries which will prove invaluable to those using it. A set of Stoddard's Lectures was an important addition to the circulating department.

INTER-LIBRARY LOANS—Where it has been impossible to secure material for the reference work in our library books and pamphlets have been loaned from the Marinette Library, State Historical Library, Wisconsin Library Commission and the Extension Department of the University, both for individual and club work. These loans have been of valuable assistance which we gratefully acknowledge.

CHILDREN'S WORK—One of the most important and promising features of the library work is that done with children supplementing that done in the schools.

The librarian visited the different grades during the past year giving talks in the care of books, the different book lists and calling attention to those recently added which would prove most interesting to the children. In the eighth grades instruction was given in the use of the card catalog, book numbers, the shelving of books and the use of periodical indexes that the pupils might more easily find their own material.

The books on the list of required readings in the different grades and High School are shelved at the library, and all care and circulation of them is attended to by the librarian and assistant.

STORY HOUR—During three months from January to April there were two story hours conducted each week through the kindness of Misses Helen and Edna Brown and Mrs. Clark who told the stories.

The second and third grades were given the Greek myths, the fourth and fifth grades the Siege of Troy. That the children appreciated them was evident and the stories were an incentive to read the books containing them.

PICTURES—There are 425 pictures in the library. Of these, 193 have been loaned to the teachers for school work and to the girl's bird club.

FOREIGN LIBRARIES—Two libraries a year of the German and Scandinavian books are rented from the Wisconsin Library Commission from which 500 were circulated the past year.

LIBRARY BUILDING—Especially attention is called to the leaky condition of the roof. With each rain or snow-fall the walls are soaked so that interior has been badly dis-

Two Things to Think About LIFE AND DEATH

J. G. SCHREIBEIS, Agt.
Metropolitan Life Insurance Co., of N. Y.
Local office Commercial Hotel

figured and damaged. This has continued since the building was erected, and the damage done to the walls by frequent wetting may become irreparable unless something is soon done to remedy it. Mending the roof has helped very little, and it seems as if a new one is a necessity. With a beautiful building of which the citizens of Rhinelander are all justly proud, it is too bad to have the ceiling and walls remain in this condition, but until the roof is fixed, it would be useless to re-decorate them.

Thanks are due the local press for the courtesy extended in printing the library notices and lists.

Special acknowledgement is made to the City Council for the extra appropriation granted for increased expenses.

The following gifts have been received during the year which have been greatly appreciated:

C. P. Crosby—The Motor Monthly

Mrs. L. A. Leadbetter—Everybody's Magazine and LaFollette's Weekly.

S. S. Miller—Evening Wisconsin (daily)

Herald Publishing Co.—Scientific American (Monthly) and Milwaukee Journal daily

Christian Science Monitor

D. B. Stevens—18 books and specimens for museum case.

Mrs. C. P. Crosby—4 doz. plants.

Mrs. T. B. McIndoe—Black hornets nest from Alabama.

H. L. Reers—35 magazines and other periodicals.

A. C. McClurg—one book.

Axel Lindegren—one book.

Miss Ada McCarthy—one book.

Magazines and other periodicals have also been received from Mrs. Arthur Taylor, E. E. Payne, Dr. Keith, Mrs. A. W. Shelton, Miss Chloe Tilden, Miss Roberts and Mrs. Helen Larsen.

I desire to express my appreciation of the kindly co-operation and support which the members of the Board have given in all matters of library administration.

Respectfully submitted,
HARRIET L. ALLEN,
Librarian

ASLEEP ON TRACK

Stranger Has A Narrow Escape From Terrible Death

Last Friday night the engineer of a west bound Soo freight train, from the glare of the head light, saw a dark object in the middle of the track near Headford Junction. He applied the emergency brakes and the train came to a stop within a few feet of the object, which was discovered to be a man asleep. The fellow was to all appearances well primed with booze and upon being aroused from his dangerous bed commenced to grumble. He seemed to scarcely realize his close escape from being converted into hamburger. The man was attired in ragged clothing and was evidently a tramp.

THANKSGIVING DAY

President Taft has designated Thursday, Nov. 30th, as Thanksgiving day this year. It always has been the custom to fix the last Thursday of the month. This year there has been some doubt because November happened to include five, instead of four, Thursdays. The White House has been besieged by theatrical managers and those in charge of college foot ball games to settle this doubt so that definite arrangements could be made for the usual array of special performances and sports that mark the day. Bank-ers throughout the country were said to be anxious that the president should designate November 23rd as Thanksgiving day. They claimed that the making of November 30th a legal holiday would seriously interfere with their work, inasmuch as the law requires national banks to make their statements to the treasury department on the first day of each month and a holiday falling on the last day would be most inconvenient.

BIG BUTTER PRODUCTION

Two weeks ago the Creamery Co. thought they had reached the high water mark in point of production, when they made 3140 lbs. of butter in one day. Last Saturday night they churned 2611 lbs., which is the largest amount of butter they have churned from any one day's receipt of cream. For cream received Saturday they paid out over \$900.00 in cash. Quite a number of local farmers are now patronizing the Creamery and are well satisfied with the results. The local Creamery pays spot cash for all the products. That this method meets with the approval of the farmers is evidenced by their success in working up the amount of business they now have.

HOLDS SERVICES HERE

Rev. P. G. Van Zandt of Merrill, preached in the First Baptist church last Sunday evening. This was the first time that services have been held in that church in several months. Rev. Van Zandt will return to this city on October 8th and remain here during that week. He will hold preaching services on the morning and evening of the 8th and probably on each day of the week. Rev. Van Zandt was at one time a grand opera singer.

MARK SELLS CALUMET

Mark R. Bell has sold the Prentice Calumet to E. R. Barager, until recently publisher of the Prentice News. The change will take place October 2. Mr. Bell has as yet decided on no plans for the future. He is an enterprising, hustling newspaper man and during the years in which he has conducted the Calumet he has given the people of Prentice and Price county a good paper.

POOR OLD BIRD

The turkey uttered a heavy sigh. "I wish I were thin," she said. "It seems no matter how hard I try I'm taking on flesh instead."

"A look at the calendar frightens me. And my bosom is filled with fear. It's an awfully dangerous thing to be so fat this time of the year."

—Exchange.

FARMERS' INSTITUTES

Any farmer or public spirited business man in Wisconsin who wishes to secure an institute for his locality during the winter of 1911-1912 should send for a blank petition and letter of information.

TAUGHT HERE YEARS AGO

Miss Finnessy Was First Teacher In
 This Vicinity

There died in Stevens Point last week a lady who bore the distinction of being the first school teacher in the territory now known as Oneida county. Miss Ellen Finnessy was her name and the school over which she presided, when the white man were few here, was situated near the John C. Curran farm, now occupied by Jas. Blackmer. At the time of her last illness Miss Finnessy was teaching in Price county. She was taken to her home in Stevens Point and underwent an operation after which she grew gradually weaker until death ended her sufferings.

Two sisters and one brother, all of whom are residents of Portage county, survive her. Under the new state law Miss Finnessy was entitled to receive a pension for her long services as a public school teacher.

CONAN DOYLE AT HIS BEST

The story-reading world seems to be unanimous in the verdict that Sir Arthur Conan Doyle is at his best in his Sherlock Holmes stories. The Chicago Record-Herald is now in the act of breaking another record by printing in its columns all the Sherlock Holmes stories ever written, both short and long. Some of the best are still to come. It is the only paper in Chicago now running Sherlock Holmes stories.

The Record-Herald has only recently begun on the "Memoirs of Sherlock Holmes," a series of thirteen of these famous detective tales. The stories, which have been appearing only on Sundays, are now to run right along through every day of the week until completed. This series is to be followed by two long Sherlock Holmes serials—"A Study in Scarlet" and "The Sign of the Four." Many persons are taking advantage of this chance to read the world's best detective stories.

Sherlock Holmes has the honor of being the most widely known character in fiction. The fascination of his adventures and of his marvelous detective powers is felt by all classes of readers. You can always find to some of the popular fiction of the day in The Record-Herald, but this Conan Doyle series is something out of the ordinary, even for that enterprising paper.

BEFORE YOU REACH THE LIMIT of physical endurance and while your condition is still curable, take Foley Kidney Pills. Their quick action and positive results will delight you. For backache, nervousness, rheumatism, and all kidney, bladder and urinary trouble.

RHINELANDER, WISCONSIN

IS ARRESTED HERE

Florence Young Man Comes to Grief In This City

John George, a young man who has made Florence his home for the past three years and who was recently employed as section hand on the Northwestern road, left town on Thursday of last week leaving an unpaid board bill of \$20 at the Sherman House. It was known that George had gone to Rhinelander and Sheriff Judge wired the chief of police of that city to arrest him. The young man, who was promptly taken into custody, offered to give the proprietor of the Sherman House \$15 in settlement and also promised to pay the additional \$5 as soon as he could earn it. Sheriff Judge agreed to the arrangement, deeming such a course better than to go to the expense of bringing the man here for trial. The official received the money from the Rhinelander chief of police on Tuesday and gave it to Mrs. Rooksby, George's good friend, who was here and his friends are unable to account for his action. Jumping a board bill is a crime in Wisconsin.—Mining News.

OPERATIONS AT BLACKWELL

George C. Flanner, of the Flanner-Steger Land & Lumber Company, Steger building, this city, returned a few days ago from an extended visit to the company's mills at Blackwell, Wis. Mr. Flanner says that the company is putting in two logging camps and will start the sawmill October 1. He states that the demand for the flooring product of his factory is first class, both in maple and larch. He has adopted the trademark of "Korekt" for his make of flooring and it is evidently a superior article.

H. E. Salsich, of the Salsich Lumber Company, McKenna, Wash., was in Chicago early in the month while on a vacation trip through the central states. Mr. Salsich is an old Wisconsin lumberman, having been for many years engaged at Star Lake, Wis., in manufacturing lumber under the style of Salsich & Wilson, and a large number of his old friends in Chicago and the Badger state were pleased to renew acquaintance.—Lumber World.

FORMER RESIDENTS HERE

Mr. and Mrs. C. E. Gardiner of Lauri, Miss., are in Rhinelander, guests of Mr. and Mrs. M. McRae and Mr. and Mrs. W. W. Car. They will be well remembered by the people of this city, having formerly resided here at which time Mr. Gardiner held a position with the Washburn Screen Door company. A few years ago he severed his connections with that firm and has since been following the lumber industry in the south.

INDIANS WIN GAME

The Flambeau Indians defeated Minocqua Sunday at Minocqua in a fast game 1 to 0. The Flambeau team consisted of nine natural left hand batters.

Batteries—Flambeau, Locass and Rainbow Minocqua, Cannon and Schroeder.

FLASHES FROM THE HEADLIGHT

Bits of News Pertaining To The Soo and Northwestern Railroads

It is authoritatively stated that the Chicago & Northwestern railway will soon be extended from Antigo to Merrill. The extension was decided upon some time ago but the immense investment in the new passenger station in Chicago put a damper upon any extensions and road building for some time. If the extension is built it will probably take in as part of it the Northwestern's logging road, which now extends from Antigo west to the east branch of the Eau Claire river.

John Hendry, chief traveling engineer on the Soo railway system, Tuesday, until the time of his promotion about two years ago Mr. Hendry made this city his headquarters and has a large number of friends here. He is now a resident of Minneapolis.

The Soo line, it is understood, contemplates making extensive improvements in its yards at Marshfield. These include the building of several long side tracks.

Hervey Johnson, a Soo line Chicago division brakeman, is spending the week with his parents in this city. Hervey makes his headquarters in Stevens Point.

A special train of five luxuriant private cars bearing prominent officials of the Soo line and Canadian Pacific railway passed through the city Friday. Among those in the party were President E. Pennington and General Manager Huntington of the Soo line and President Thos. Shaughnessy of the Canadian Pacific. The special was in charge of Conductor Ransate and Engineer "Doc" Clark.

FOLEY'S HONEY AND TAR COMPOUND

SUN retains its high place as the best household remedy for all coughs and colds, either for children or grown persons. Prevents serious results from a cold. Take only the genuine Foley's Honey and Tar Compound, and refuse substitutes.
 J. J. Reardon.

SWEDISH LUTHERAN NEWS

Last Sunday was confirmation day; and owing to the impressive services held both forenoon and evening we may truly call it a great holiday.

At 10:30 the large number of worshippers who literally filled every seating capacity of the church joined in singing one of our familiar chorals whereupon Rev. J. W. Johnson of Ironwood, Mich., addressed the confirmation class, pointing out to them the way, the strife, reward and glory of a true christian. After the examination of the class followed the confirmation act, Rev. J. W. Johnson officiating. Each of the 18 members of the class received a beautifully bound copy of the Holy Bible, a gift from the congregation. In the evening the newly confirmed as well as a large number of others partook of the Lord's supper. Our church choir deserves credit for the songs it rendered at the evening services. The church was nicely decorated for the occasion by beautiful flowers, palms and rich colored autumn leaves.

The confirmation class gave two brass candelabras to the congregation. The new chandelier and bracket lamps in the church is a gift from the Luther League.

The Ladies' Aid will hold a sale next Saturday evening, 8 o'clock in the Scandinavian hall.

FOLEY'S KIDNEY REMEDY (Liquid) Is a great medicine of proven value for both acute and chronic kidney and bladder ailments. It is especially recommended to elderly people for its wonderful tonic and reconstructive qualities and the permanent relief and comfort it gives them.

J. J. Reardon.

INTER SE PARTY

A large number of young people were in attendance at the dance of the Inter Se at St. Augustine's Guild hall Friday evening. It was a pleasant little social affair and dancing was enjoyed until twelve o'clock. The music was furnished by Prof. and Mrs. Brueggeman, violin and piano, and Geo. Stumpf, trap drum.

By Our Regular Correspondents

EAGLE RIVER

The boat factory has sufficient orders on hand to keep it in operation all winter. An addition 50x50 to be used as a paint shop will be built this fall. During the last summer five men have been employed in the plant.

A new stamp cancelling machine has been placed in the postoffice and will be of great service to the employees in their work. The machine will cancel 125 letters per minute.

A daughter was born Friday to Mr. and Mrs. Wm. Doer at St. Germaine Lake.

Mr. and Mrs. Joseph Foley and family have moved to Bluff Springs, Florida, where they will make their permanent home.

At a special meeting of the county board last Thursday it was voted to bond the county for \$60,000 for highway purposes. The bonds are to cover a period of twenty years.

Harvest Festival services were held Sunday in St. Ignace's Episcopal church.

Mr. and Mrs. E. N. Stebbins and children of Barron are guests at the home of M. H. Rice.

Miss Mary Storm is attending business college at Appleton.

Dr. A. W. Thorpe has been appointed physician for the Northwestern Railway company here.

Miss Myrtle Kuchna is the guest of Edgar relatives.

Wm. Hawkins of Chicago is the guest of Mr. and Mrs. A. Well.

NORTH CRANDON

Mr. and Mrs. S. W. Brunner have moved to Weyerhaeuser where Mr. Brunner will teach in the high school. Mrs. L. Garlock and children Elta and Fern of Hebron are visitors at the Garlocks.

The Northern Citizen is getting a nice lot of advertising and is also printing more news than ever before. You should subscribe for the Citizen.

Miss Dulsena Combs is entertaining Miss Dukanna Howell of Alvin. Mrs. Margaret Hill of Tar Home, Can., is the guest of her son, Frank Hill.

The new potato warehouse is about completed.

Jas. Stokes is erecting a new dwelling house on his farm.

Mr. and Mrs. Wm. Lord and daughter, Miss Judith, are at Wausau attending the golden wedding celebration of Mr. and Mrs. Theo. Goeres, Mrs. Lord's parents.

TOMAHAWK LAKE

Saturday evening was the occasion of a pretty cotton wedding given by Mr. and Mrs. J. H. Rankin, at the home of Mrs. Charles Flagli,

who have been camping on the shores of the lake during the present season. After tripping the light fantastic to the merry music of the local string band till about the midnight hour the guests were treated to a sumptuous repast in the spacious dining room, which was very tastefully decorated with autumn leaves and Chinese lanterns. After the guests had partaken of the luscious luncheon they retired to the ball room again to resume different pastimes. Mr. Rankin is a descendant of a very prominent family in England whose predecessors established the large English firm of Rankin & Son, while Mrs. Rankin is a fine type of the English nobility and hails from the city of Melbourne, Australia, and, we understand, is a lady of some wealth. Mr. Rankin is considerable of a traveler, having circled the globe on four different occasions and is now upon a tour of this country and expects to visit Tulsa, Oklahoma, about the first of next month.

Miss Hope Noble who lives on the thoroughfare, has been engaged to teach our village school for the coming term and expects to commence next Monday.

Among the invited guests who attended the party Saturday evening from out of town were W. Shannon, Henry Lease and A. F. Eason and wife of Rhinelander.

J. J. MacDonald, one of the State Foresters, is stumping and otherwise clearing land bordering upon the lake for the purpose of raising young trees for reforesting of our state lands.

Miss Maud Hughson, expects to depart for Michigan points soon visiting friends and from there will visit at the "Windy City."

GAGEN.
